

"What to do when they knock on your door."

On December 1st, 1999 the Firearms Act authorizes the confiscation of hundreds of thousands of legally owns firearms.

As the Dec 1, 1999 "*Gun Grab*" approaches, the number of "inspections" and cases of harassment will increase. You **MUST** have a plan of what to do when your doorbell rings and the Emergency Response Team is in your driveway with a warrant.

- 1. Do you have the number of a gun-friendly lawyer?
(1-888-GUN-LOSS)**
 - 2. Do you the numbers of a few friends that can come over to video tape the search?**
 - 3. Do you have a loaded camera ready?**
 - 4. Do you have the NFA Primer on Searches?**
 - 5. Do you have the phone numbers of local media on the fridge?**
-

As I am away from home a lot, I have also drilled my wife on what to do if the police come knocking. Her first call is a local trusted friend, the second is to our lawyer, and the third is to 911 (just to be sure that the men outside REALLY are police), and then she pages me. All of this happens before she opens the door.

Do you have a plan?
